Version 11/2022

Two product lines for every taste

systemat
Our product line with handles

systematART
Our handleless product line

Key messages:

- 1) Design box – 3 design box colors
- 2) Visible side concept
- 3) Lacquer expertise – 190 RAL and 1950 NCS colors available
- 4) Technique – Metro Box as standard and innovative SLD drawer

Box

2077 crystal white
KA/KI/KK

2022 light grey
KA/KI/KK

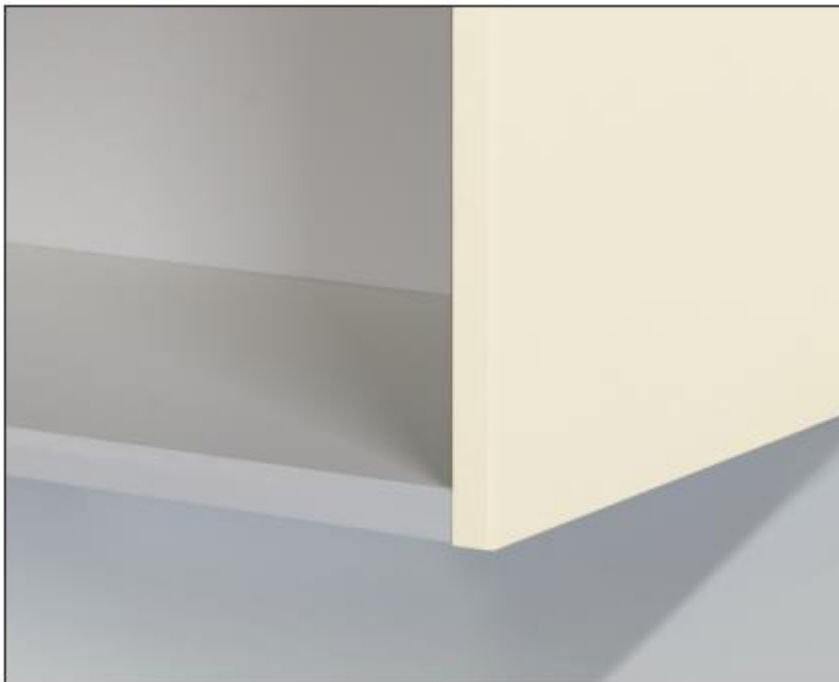

2059 titanium
KA/KI/KK

KK = box edge
KI = box inside
KA = box outside

- Material thickness
 - 16mm (5/8") for sides
 - 19mm (3/4") for shelves

Visible box sides

Visible sides

visible sides choice in

lacquer:	6055
lacquer PerfectSense®	2130/2135
satin lacquer:	5035/5045/6000
veneered:	6023/6080/6082
high gloss lacquer:	4030

- Instead of box sides, visible box sides can be adapted in the front color.
- The visible box side front edge is the same color as the visible side.
- Please note: Visible box sides are not available for cabinets in 24" box depth.

Not available for internal pull-outs
The glass sides are provided with LED-lighting.
There is no need to order the surcharge ME-GLAS additionally.
Delivery without batteries.

Technique

- Finish interior equipment: titanium
- Corner base cabinet with swivel shelves LeMans
- Base cabinet with cooking AGENT and soft-closing system
- Base cabinet with internal drawer and removable bottle basket
- Tall pantry cabinet with tandem swivel pull-out
- And more....

Quality

- Hinges with integrated damping
 - Quick installation, no tools required
- All hinges are supplied with soft closing
 - Soft closing from a closing angle of 35°
 - Opening angle 110°
- Shelves are always 19mm (3/4") thick
 - Metal shelf supports come with safety pin (only towards the front)
- Full metal hanging rail
- 3-way adjustment from the interior
- Safe and robust (50kg/m² / 110.23lb/10.76sqft bearing area (shelves))

US2A6078

U = base cabinet

S = drawer

2 A = 2 pull-outs

60 = cabinet width

78 = box height

(German = **U**nterschrank)

(German = **S**chubkasten)

(German = **2 A**uszüge)

→ in systemat the **box height** is part of the order number!

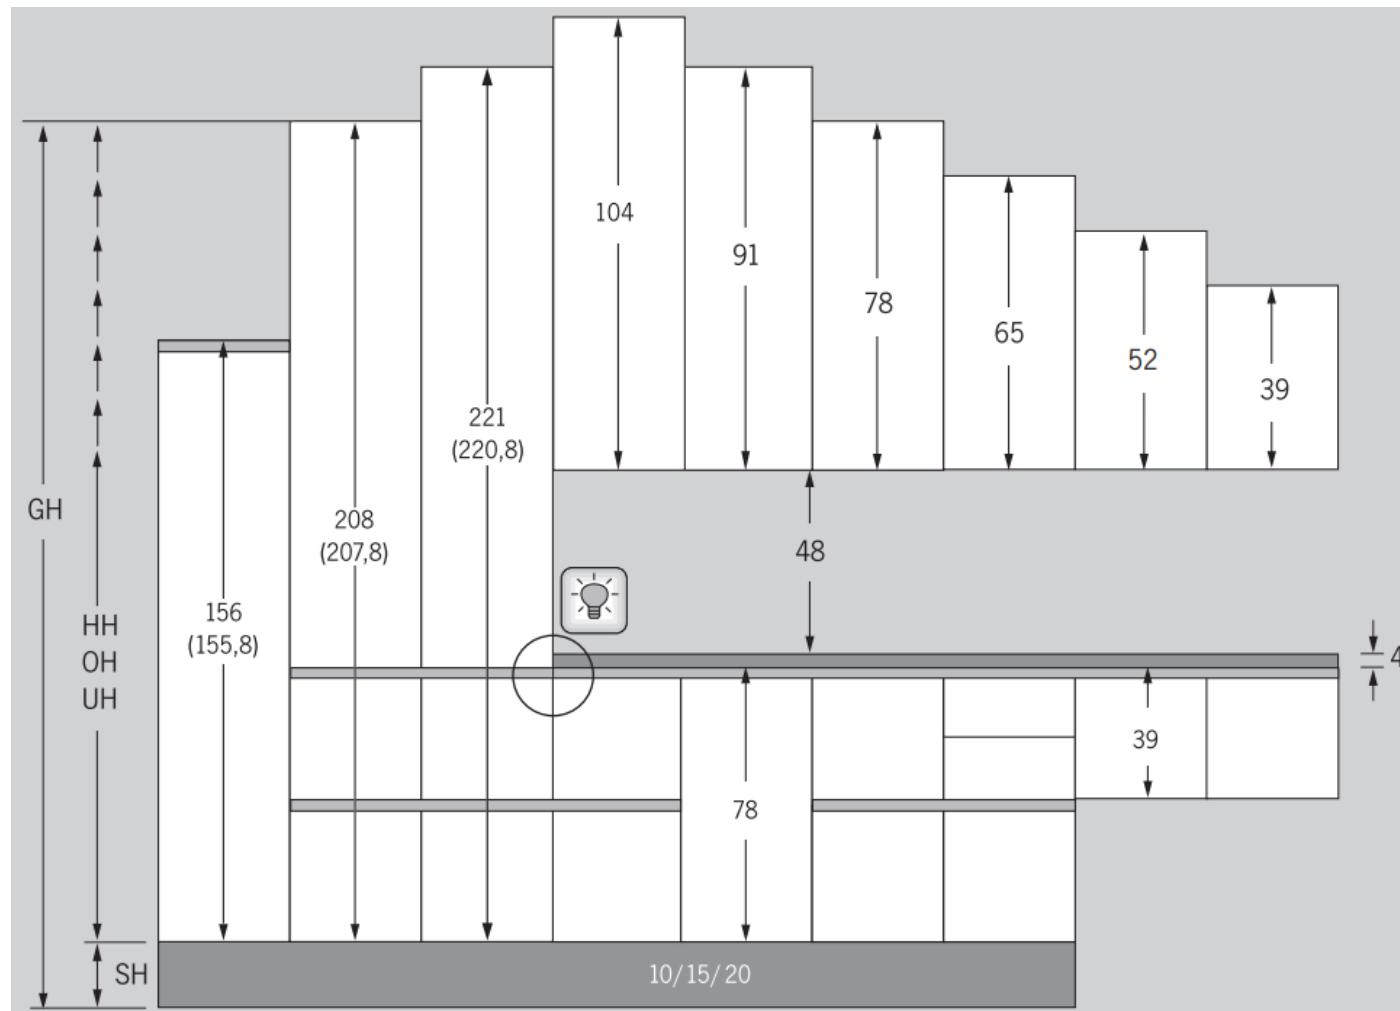

3. SystematART

Häcker
kitchen.germanMade.

Version 11/2022

- systematART standard base cabinet height 78 cm (30.71")

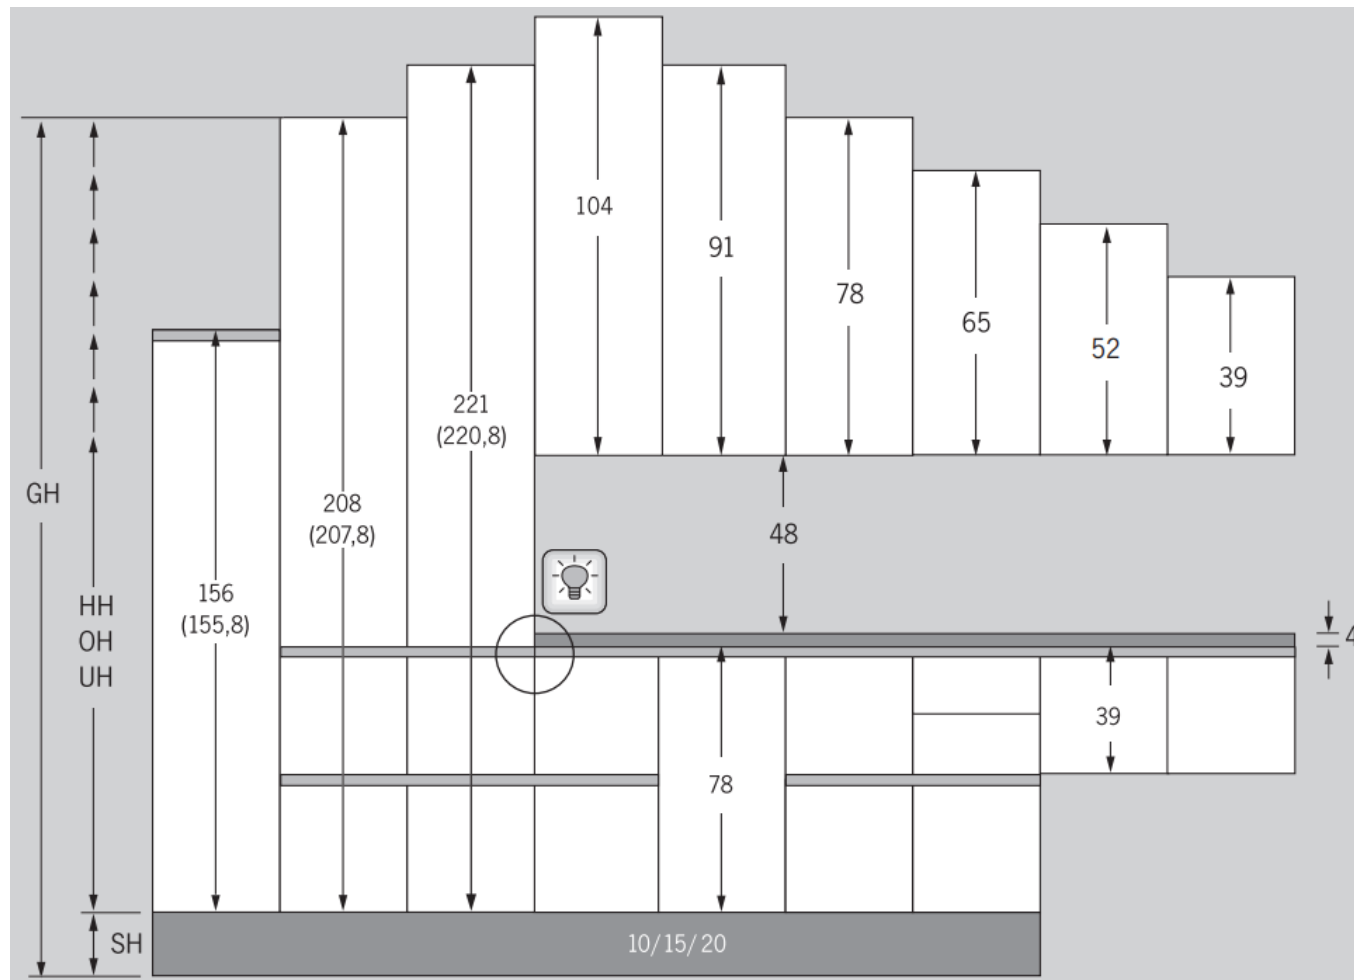

Base cabinets:
78 cm = 30.71"
39 cm = 15.35"

Tall (horizontal):
156 cm = 61.42"
208 cm = 81.89"
221 cm = 87"

Wall cabinets:
39 cm = 15.35"
52 cm = 20.47"
65 cm = 25.59"
78 cm = 30.71"
91 cm = 35.83"
104cm = 40.95"

- If the base cabinets are planned next to the tall cabinets, small seam will be visible at the transition of the L-profile of the base cabinets to the C-profile of the tall cabinets
 - side panel needs to be planned next to the base units if this is not desired.

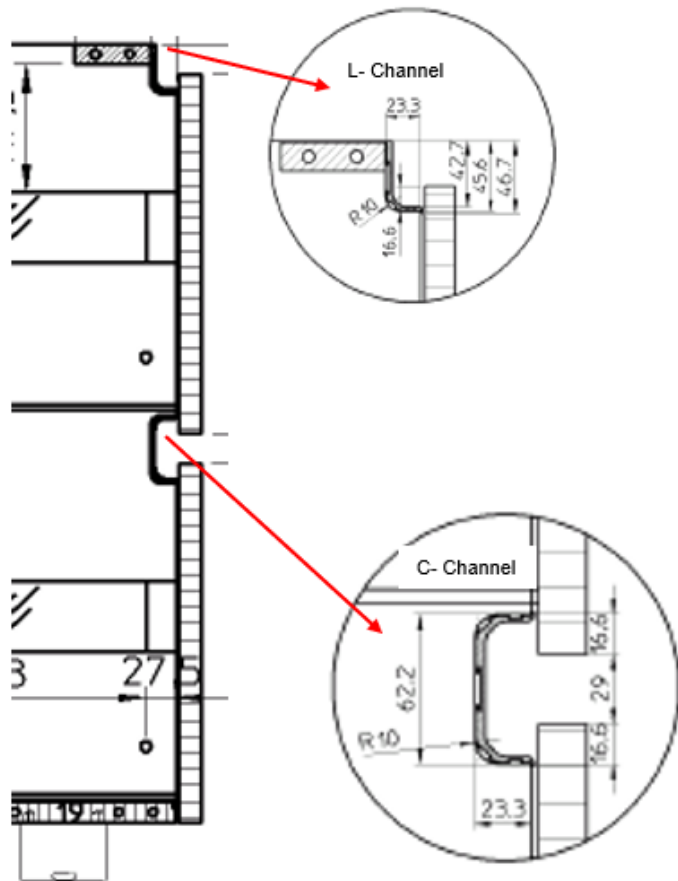

- Handle is replaced by a **channel handle**
- Channel handle is located in the box
- Cabinet can be opened by grabbing the upper end of the door or drawer panel

- Base cabinets with horizontal channel handle available in 14 different finishes

finishes:

				
377 crystal white matt	352 polar white matt	305 white matt	363 taupe matt	322 light grey matt
				
378 pearl grey matt	376 graphite matt	355 black matt	364 gold colour brushed	320 stainl. steel col. brushed
				
321 eucalyptus matt	306 natural umber matt

4. oneLine

Häcker
kitchen.germanMade.

Version 11/2022

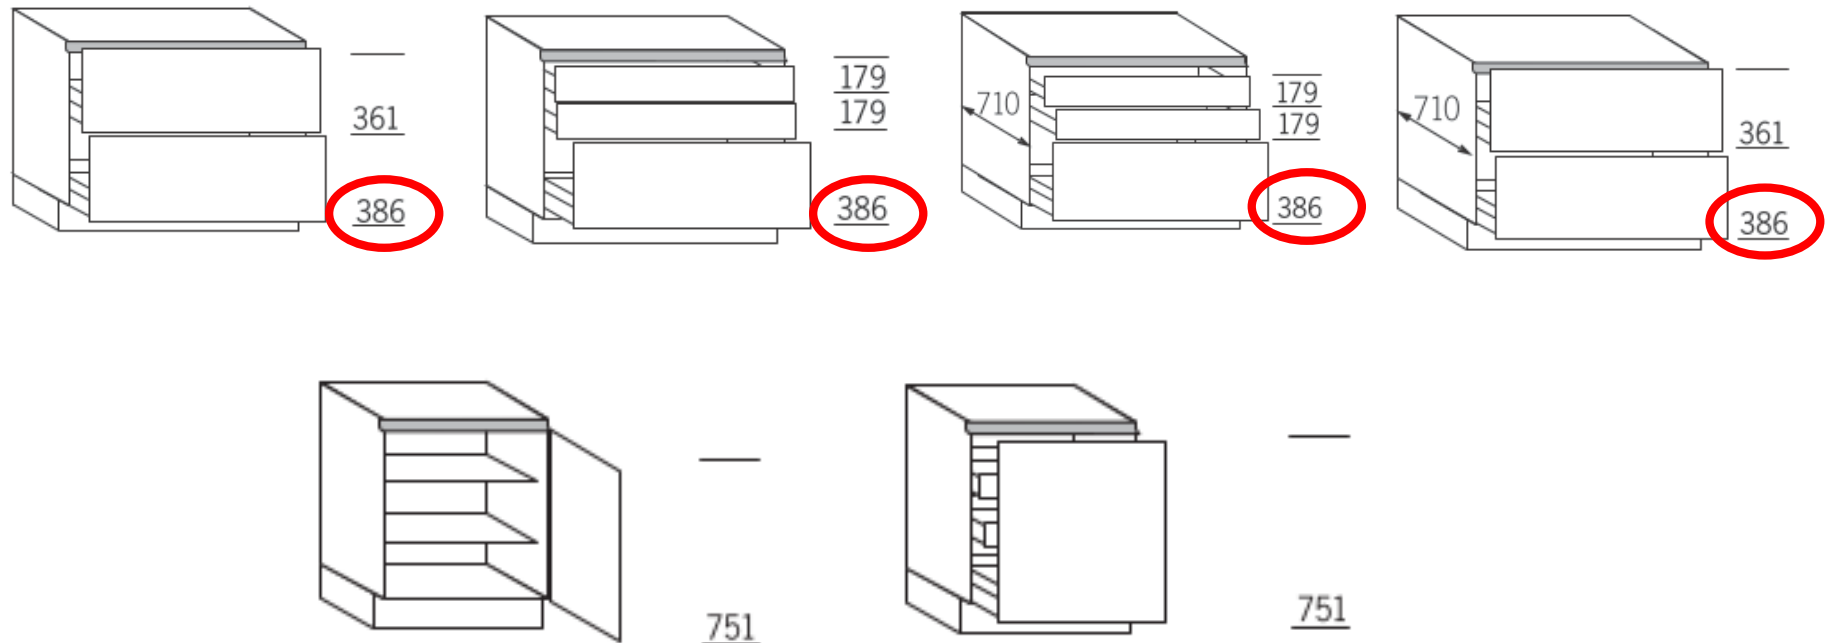

In addition to systematART, we also offer **oneLine**. The middle C-shaped channel handle is removed.

All drawers and pull-outs that cannot be opened by the L-bar, are automatically equipped with Tipmatic Softclose. The system is already included in the cabinet price.

The front height of the bottom drawer is 386mm (as in Systemat).

The **oneLine** base cabinets can be perfectly combined with ART base cabinets that either have a **hinged door** or a **pull-out** in 751mm front height.

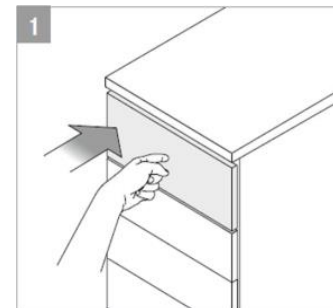

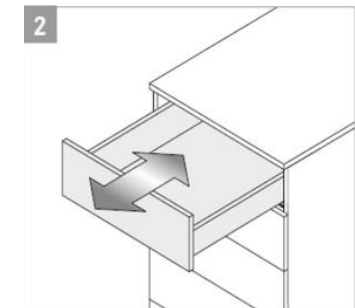

Tipmatic Softclose (MP-TMSC)

- for drawers and pull-outs
- factory-mounted mechanic opening assistance

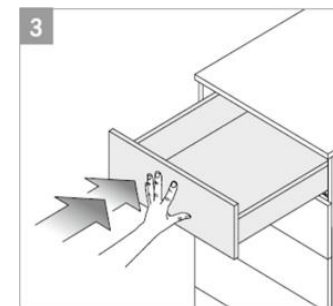

Release

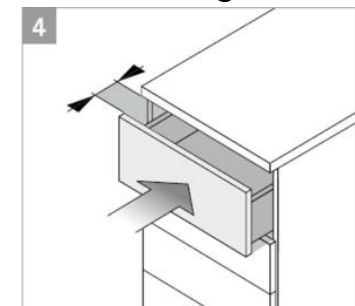

Opening

Span

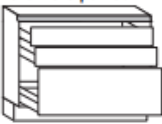

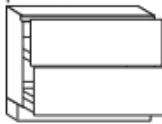

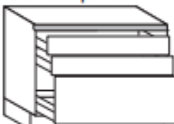

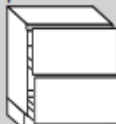

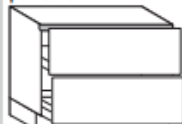

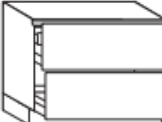

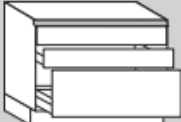

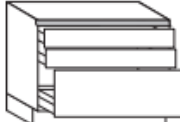

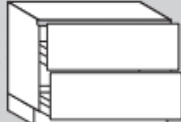

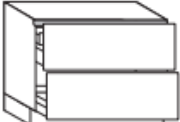

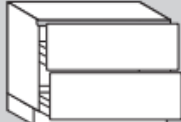

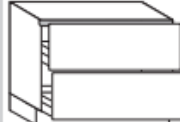

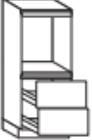

Self-closing

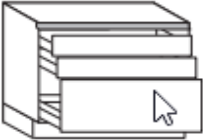

OneLine also available for tall cabinets
with horizontal channel handle
